DEPARTMENT OF PHILOSOPHY

President Falconer

Dear Sir:-

I am enclosing a post-card from Mr. Salvatore N. Messina.

My recollection is that Mr. Messina took one year graduate work in Philosophy. His work in Philosophy was satisfactory. He was both diligent and intelligent.

I think some work in English Literature and in Mathematics was imposed when his record was examined when he entered the University of Toronto.

Yours very sincerely

J. Gibson Hume

June 20th, 1919

Professor J. G. Hume,
University of Toronto.

My dear Professor Hume:

As you remember I spoke to you some time ago about the separation of Psychology from Philosophy, and the putting of Professor H. H. Smith and Mr. Bott together under the directorship of Mr. C. H. Clarke. This went through yesterday at a meeting of the Board of Governors when we finally passed the estimates. This will mean that the Psychology people will have to determine their own courses and it will rest with the Department of Philosophy to take as much or as little of their courses as you may determine is wise for your own students.

You will be glad to know that the Governors have with the approval of the Government raised the salaries for the coming year, practically on the basis of $$ added to the net salary of last year.

Yours sincerely,

President.

January 6th, 1919

Professor J. G. Hume,

University of Toronto.

Dear Professor Hume:

I do not see what we can do for Mr. Messina. We have no degree of Bachelor of Philosophy that would suit him.

With kind regards, I am,

Yours sincerely,

President.
